

Introducing Linda Landon

Linda Landon, ACC, is an International Coach Federation (ICF) credentialed business and personal coach, trained recovery coach, author, trainer, and Vistage professional speaker. She helps business professionals connect with their inner genius so they can be authentic, resourceful, focused, successful, and happy. Linda has more than 20 years experience in coaching, business consulting, marketing, and sales, and is the president of Linda Landon & Associates, a Los Angeles-based coaching and training company. She recently published *The Power of Pause: simple meditations for complicated lives*.

As a coach Linda listens deeply, asks questions, and guides her clients to look within so they can access their authenticity and unlock their potential. They learn to identify what's not working, determine what's REALLY going on and uncover limiting agreements, beliefs, and thoughts. Then she supports clients to release these thinking patterns and take powerful, focused action to improve their lives.

A Master Toltec teacher, Linda integrates principles from *New York Times* bestseller, *The Four Agreements*® and *The Release Technique*® with her innovative process, *The Power of Pause*, into her coaching, speaking, and trainings. She teaches business leaders and individuals to unleash their creativity, build business relationships, and work easier and produce more. As a certified Speaking Circles® Facilitator, she leads *The Power of Pause: Speak With Confidence* groups that guide people to overcome their fear of speaking in public by connecting authentically and immediately with their audience.

Dear Linda,

Thank you again for presenting the closing plenary at the California Association of Alcoholism & Drug Abuse Counselors 27th Annual Conference. We really enjoyed your dynamic seminar – Don't Take Things Personally.

The feedback we received from the participants was extremely positive. 91% of those who gave feedback, ranked you as a good to excellent speaker. Many appreciated your experiential and interactive approach. We invite you to present next year and hope you'll consider offering a pre-conference seminar as well.

We look forward to building a long lasting relationship with you.

FOUNDER'S CHURCH

OFFICE OF THE MINISTER

Members and friends of Founder's Center for Positive Spirituality who recently attended Linda Landon's seminar on Don Miguel Ruiz's book, "The Four Agreements," were guided in an experience that helped us see how following the very simple principles of the book can have a profound effect on our success in relationships, whether personal or professional. Linda Landon is able to present the Toltec teaching in a warm and engaging way, giving the seminar participants something of lasting value to their lives. For those of us who have had a couple of months to live and use these principles in a conscious, on-going, way, there has been an increase in the poise, confidence, and peace with which we are able to interact with others. We are grateful to Linda Landon for bringing this useful seminar to our center.
