Did you know that most people's number one fear is speaking in front of a group?
Do you sometimes find it difficult to connect with others?

Learn how to have a relaxed and powerful presence that will engage, inspire and motivate anyone listening to you, no matter where you are or what is going on around you. Whether addressing clients, colleagues, employees, or a room full of strangers, ***The Power of Pause: Speak With Confidence*** will help you become a masterful, compelling and confident speaker, and positively impact every aspect of your life.

A Certified **Speaking Circles®** facilitator, Linda Landon will teach you how to bring mindfulness to the practice of public speaking. You will learn how to authentically and immediately connect with your audience - even before a word is spoken, ensuring that your message is seen, heard, delivered and received.

At the end of the training, you will receive a free DVD of yourself speaking in front of the group.
